

Dear Parent/Guardian:

A student in your child's classroom has been identified with a case of head lice. It is school policy to inform parents or guardians immediately when an infestation is found. Please rest assured knowing that the school maintains a 'No Nit' policy, and that we are doing everything that we can to prevent further infestations.

We would like to take this opportunity to remind you to check your child's head once a week to help prevent outbreaks. Please report any head lice cases so we can evaluate whether the infestation is spreading. For treatment questions and assistance you may wish to consult a family physician, the school nurse, or Nit Nabbers, a professional head lice removal service.

Sincerely,
